**Sherayl McNabb's 100 YEARS NEW ZEALAND MILITARY
NURSING: NEW ZEALAND ARMY NURSING SERVICE - ROYAL
NEW ZEALAND NURSING CORPS 1915-2015**

Sherayl McNabb makes good a long-standing lack in our historical literature. The nurses who did the hard yards tending our wounded have not been extensively written about, although their efforts have long deserved attention. McNabb fills that gap with this essential reference. Her narrative details New Zealand nursing in all our major conflicts from the Boer War to recent peacekeeping initiatives.

The almost 400 illustrations include previously unpublished photographs from private collections and the appendices feature a roll call of the approximately 2700 nurses who served over the past century.
